

NWTN FORUM RULES

The NWTN forums are meant for friendly exchange of ideas, tips and advice for all members of the NWTN. They are currently moderated by our Chair, Laurence Bisot, on an ad-hoc basis. Please follow the rules below when posting and replying.

- Do not post new topics in a reply; please start a new topic with a keyword (CPD, Recommendation, Technical, Translation, Interpreting, Business, etc.)
- Please check the list of topics to avoid posting the same question/topic/information.
- Do not post open criticism or offensive comments about colleagues, agencies, groups, etc.
- Do not use this forum for political discussions.
- Remain respectful of other members at all times. Keep professional and courteous.
- Do not post any sensitive information, copyrighted material or links to potentially dangerous sites.

Posts which do not comply with these rules may be deleted by the moderator(s).

Instructions to complete your profile

After your first interaction on a forum, you can click on your name to access your profile. Please add a cover photo and a profile photo.

Tip: to be able to upload your profile photo, you may have to click on “crop”, but without a preview. During trials we have noticed that the “crop” action selects the top left corner of your photo, so you just have to prepare the photo beforehand to that effect.
